Dear Presidents and Secretaries General,
Dear Colleagues and Friends,

As the President of the Hungarian Olympic Committee and on behalf of the Olympic athletes and officials representing Hungary please allow me to contact you in support of

Dr. Tamas Ajan

to re-elect as the President of the International Weightlifting Federation.

The Olympic Family of Hungary as one of the founders of the Olympic Movement, with 122-year Olympic history and 176 Olympic Gold, 151 Olympic Silver and 174 Olympic Bronze Medals fully supports Mr. Ajan in his candidacy for the Presidential position in the International Weightlifting Federation. Mr. Ajan's unparalleled expertise, total commitment and strong passion for the Olympic Movement and the sport of weightlifting has solid ground and objective proof therefore, I respectfully ask you to consider our request in a favourable manner to re-elect Mr. Tamas Ajan as IWF President for the benefit of the Olympic Movement in general and weightlifting in particular.

Your kind understanding and positive consideration is truly appreciated.

With Olympic friendship and sincere appreciation,

Krisztián Kulcsár
