Re: 2022 FISU World University Championships – attribution

Dear Friends,

We are pleased to inform you that the FISU Executive Committee has attributed the organisation of the 2022 World University **Weightlifting** Championship to your federation.

FISU will of course be in close contact with the IWF in order to set the dates of this event. Indeed, from the experience gained from the organisation of previous World University Championships, the date of a Championship is the first important step to be decided, in order not to overlap with other events in the calendar of other international sports federations. We will also check the dates suggested in agreement with the FISU Technical Committee Chair.

Together with this letter you will receive the attribution contract, MPA and the invoice for the Organising Rights & Services Fee. We kindly ask you to return the contracts signed by 31 January 2020. At a later stage, you will be invited to attend one of the 2020 World University Championships as observer. This will allow the 2022 Organising Committee to receive the FISU flag and to benefit from meetings with stakeholders involved in the organisation of FISU Events.

We kindly ask you to send us the complete contacts details of the newly Organising Committee as soon as possible.

We are convinced that this event will help to consolidate the excellent cooperation with your Association. Looking forward to collaborating with you as to guarantee the success of this Championship.

Should you have any questions, we are at your disposal for any clarifications (championships@fisu.net).

Yours sincerely,

Eric SAINTROND
FISU Secretary General/CEO
